

Corporate Governance

We, at ComfortDelGro Corporation Limited, believe that a fundamental measure of our success is the shareholder value we create over the long-term. We will continue to:

- Focus relentlessly on our customers;
- Make sound investment decisions based on long-term value creation, rather than short-term considerations;
- Spend wisely and maintain our lean culture as we understand the importance of being cost-conscious;
- Hire and retain versatile and talented employees; and
- Look for sustainable ways to protect the environment.

Corporate Governance Statement

ComfortDelGro strongly believes that good corporate governance makes good business. To this end, the Group has taken steps to maintain the highest standards of corporate governance, professionalism and integrity, as we build an organisation that our Shareholders, Employees, Business Partners, the Authorities and other Stakeholders can trust and be proud of.

Our commitment to upholding the highest standards of corporate governance is evidenced in our approach in ensuring our adherence to the revised Code of Corporate Governance issued by the Monetary Authority of Singapore on 2 May 2012 (Code). We spare no effort in ensuring that these are upheld by each and every one in the Group. We have also adopted a Code of Business Conduct, which sets out the principles and policies upon which our businesses are to be conducted, and implemented

a Whistleblowing Policy which serves to prevent the occurrence of unethical or illegal conduct or behaviour, whilst protecting the whistleblowers from reprisal within the limits of the law.

This report sets out the Corporate Governance practices that were in place during the year, with specific references to the Code. For the Financial Year 2014, we are pleased to report that the Group complied substantially with the key principles and supporting guidelines set out in the Code except where specifically identified and disclosed in this report.

1. Board Matters

In choosing directors, the Group seeks individuals who have high integrity, expertise, business acumen, shareholder orientation, and a genuine interest in the Group.

The Board's Conduct of Its Affairs

At the helm of the decision-making process of the Group is the Board of Directors. The Board is headed by the non-executive Chairman, Mr Lim Jit Poh, and is responsible for:

- Guiding the strategic direction and goals of the Group;
- Ensuring that appropriate and adequate systems of internal control, risk management processes and financial authority limits are in place;
- Assessing and approving key business strategies, funding and investment initiatives and other corporate actions, including approval of the Group's Annual Budget and Capital Expenditure, and the release of the Group's quarterly and full-year Financial Results; and

- Monitoring Management performance.

The Board has delegated the day-to-day management of the Group to Management headed by the Managing Director/Group Chief Executive Officer (MD/Group CEO), Mr Kua Hong Pak, while reserving certain strategic issues and policies for its approval.

ComfortDelGro has adopted internal guidelines setting forth matters that require the Board's approval. Under these guidelines, acquisitions of businesses, disposals or changes in equity interests in existing subsidiaries/associates, capital expenditure, investment in financial instruments and tender for businesses above the prescribed limits require approval from the Board. In addition, the acceptance of credit facilities from banks, the establishment of capital market programmes and the issuance of debt instruments require the approval of the Board.

The Board periodically reviews the adequacy of internal controls and financial authority limits to ensure that while there is delegation of authority, there are sufficient checks and balances in place to monitor such delegation.

To assist the Board in the detailed consideration of the various issues at hand and to facilitate decision-making, four committees are formed, namely, the Audit and Risk Committee (ARC), the Nominating Committee (NC), the Remuneration Committee (RC) and the Investment Committee (IC). Each Committee is governed and regulated by its own terms of reference, which sets out the scope of its duties and responsibilities, regulations and procedures governing the manner in which the Committee is to operate and how decisions are to be taken.

Ad hoc committees are also formed to look at specific issues from time to time.

At least five scheduled Board Meetings are held every year for the purpose of approving the release of the Group's Financial Results every quarter and the Group's Annual Budget. The quarterly and full-year Board Meetings are held within 45 days after the end of each quarter and the financial year respectively, while the Board Meeting to approve the Group's Annual Budget is held in December, after all the Budgets of the subsidiaries have been approved by their respective Boards. Ad hoc Board and Committee Meetings are also held from time to time, as and when the need arises. Directors, who are unable to attend the Meetings in person,

can still participate in the discussions through teleconferencing. Decisions of the Board and Board Committees may also be obtained via circular resolutions. Directors are free to seek clarifications and explanations from Management on the reports and papers submitted to the Board.

Regular presentations are made by Management to the Board to enable Directors to better familiarise themselves with the Group's businesses. Site visits for the Board are also organised to enable Directors to learn more about the Group's overseas operations. During such visits, Directors spend time with Management to discuss key strategies and policies pertaining not just to the

overseas operation, but also to the Group in general. Such meetings help Directors become better equipped to make informed decisions relating to the future direction of the Group.

Directors are also furnished regularly with investor relations reports which summarise analysts' views and provide updates on investor relations activities, updates on corporate governance practices, and articles relating to changes in laws relevant to the Group's businesses.

Directors are free to request for sponsorship from the Company to attend courses to update their knowledge and better equip themselves to discharge their duties as Directors.

Corporate Governance

Board Composition and Balance

There is a strong element of independence in the Board. The Board comprises eight Directors, of whom only the MD/Group CEO is an executive Director. Of the seven remaining non-executive Directors, six of them are considered by the NC to be independent during the Financial Year 2014. This composition exceeds the Code's requirement of at least one-third of the Board of Directors to comprise independent Directors.

The Directors are individuals with a broad diversity of expertise and experience, both domestically and internationally. For details on the Board, please refer to the profiles of the Directors at the start of this Annual Report.

The NC is responsible for assessing the independence of the Directors on an annual basis. Each Director is required to complete a Confirmation of Independence checklist, which is drawn up in accordance with the guidelines provided by the Code, and requires each Director to assess his/her own independence. The Director is required to declare any circumstances in which he/she may be considered non-independent. The NC will then review the Confirmation of Independence to determine whether a Director is independent. The NC deems a Director who is directly associated with a 10% Shareholder in the current and immediate past financial year (as defined in the Code) as non-independent. The NC accordingly deems Ms Sum Wai Fun, Adeline, who is Chief Executive Officer of the Singapore Labour Foundation (SLF), a 10% Shareholder of the Company in the immediate past financial year (Financial Year 2013), non-independent in Financial Year 2014 as SLF had at least 10% Shareholding till 28 May 2013. On 29 May 2013, SLF disposed part of its stake in the Company to below 10%. In accordance

with the Code, a Director who has been associated with a 10% Shareholder in the current or the immediate past financial year shall be deemed non-independent. Ms Sum is regarded independent as of 1 January 2015.

As at 31 December 2014, six independent Directors have served on the Board for more than nine years. They are Mr Lim Jit Poh, Mr Ong Ah Heng, Mr Oo Soon Hee, Mr Tow Heng Tan, Dr Wang Kai Yuen and Mr Wong Chin Huat, David. The NC takes the view that a Director's independence cannot be determined solely and arbitrarily on the basis of the length of time. A Director's contribution in terms of experience, expertise, professionalism, integrity, objectivity and independent judgement in engaging and challenging Management in the best interests of the Group as he/she performs his/her duties in good faith, are more critical measures in ascertaining his/her independence than the number of years served on the Board. Hence, the Board does not impose a limit on the length of service of the independent Directors. However, the Board and the NC will exercise due and careful review, taking into consideration other factors, in assessing the independence of a Director. These factors include, inter alia, if the Director has any interest, business, relationship and/or any other material contractual relationship with the Group which could reasonably be perceived to compromise his/her independence and interfere with the exercise of his/her independent business judgement with a view to the best interests of the Group. After due and careful rigorous review, the Board is of the view that all independent Directors remain independent in their exercise of judgement and objectivity in Board matters.

The Board and its Committees provide a diversity of skills and experiences

including financial, legal, regulatory and business management. Each Director provides a valuable network of industry contacts which are considered essential to the Group.

Chairman and MD/Group CEO

The roles of the Chairman and the MD/Group CEO have been kept separate and distinct. This is a deliberate policy and one that is strictly adhered to. This ensures Management accountability and Board independence. The Chairman is responsible for the effective functioning of the Board, while the MD/Group CEO is responsible for the operations and management of the Group's various businesses – both in Singapore and abroad. The Chairman and the MD/Group CEO are not related.

The Chairman leads the Board and facilitates effective and comprehensive Board discussions and decision making on strategic issues. The Chairman oversees the translation of the Board's decisions into executive actions. With the assistance of the Company Secretary, the Chairman ensures the accuracy and timeliness of information flow between the Board and Management, effective shareholder communication and high standards of corporate transparency.

The MD/Group CEO is given full executive responsibility for the management of the Group's businesses and the implementation of the Group's strategies and policies.

Board Membership and Board Performance

The renewal of Board membership is an ongoing process to ensure good governance and to maintain relevance in a changing business environment. The NC is responsible for regularly reviewing the composition of the Board, identifying

and proposing suitable candidates for appointment to the Board and ensuring succession plans are in place.

The NC comprises four non-executive independent Directors. The Chairman of the NC is not associated with any substantial Shareholder. The Company Secretary is the Secretary to the NC.

The Articles of Association of the Company provide that one-third of the Board of Directors, including the MD/ Group CEO, are subject to retirement and re-election by rotation at every Annual General Meeting (AGM). All Directors are required to retire from office at least once every three years. Re-election is, however, not automatic, and all Directors are assessed by the NC on their past performance and contributions before being recommended for re-election. Newly appointed Directors are also subject to retirement and re-election at the AGM immediately following their appointments. For the forthcoming AGM, Mr Tow Heng Tan and Dr Wang Kai Yuen, are due for re-election pursuant to Article 91 of the Articles of Association, while Mr Lim Jit Poh, Mr Ong Ah Heng, Mr Kua Hong Pak and Mr Oo Soon Hee are due for re-appointment pursuant to Section 153(6) of the Companies Act, Cap. 50.

From time to time, new Directors may be identified for appointment to the Board after the NC evaluates and assesses their suitability in strengthening the diversity of skills, knowledge and experience of the Board relevant to the business of the Group. Upon appointment as a Director, the Board Chairman will send an official letter of appointment to the Director, which clearly explains his/ her role, duties and responsibilities. Management will then conduct a comprehensive orientation programme for the Director, where key aspects of the businesses, including financial

and corporate governance policies are discussed. Site visits will also be arranged for new Directors so that they can better familiarise themselves with the Group's operations. When a Director is appointed to a Board Committee, he/she is provided with its charter.

The NC subscribes to the view that it is important for Directors to devote sufficient time and attention to the affairs of the Group. Consistent with the guidelines in the Code, the NC and the Board adopt the following as a proactive step in ensuring that Directors devote sufficient time and attention to the affairs of the Group:

- A Director who is in full-time employment should not serve as a director on the board of more than three listed companies; and
- A Director who is not in full-time employment should not serve as a director on the board of more than six listed companies.

The NC prescribes that Directors who are affected by the guidelines on multiple board representations shall be given up to three years to comply. As the number of board representations should not be the only measure of a Director's commitment and ability to contribute effectively, the NC takes the view that if a Director wishes to hold board representations in more than the maximum stated per the guidelines, the request must be made to the Chairman of the Board for approval. As a policy, the Chairman himself should not hold more than six directorships in listed companies.

In assessing a Director's contribution, the NC takes a holistic approach. Focussing solely on Directors' attendance at Board Meetings per se may not be an adequate evaluation of the contribution

of Directors. Instead, their abilities to provide valuable insights and strategic networking to enhance the businesses of the Group, availability for guidance and advice outside the scope of formal Board Meetings and contributions in specialised areas are also factors relevant in assessing the contributions of the Directors.

As a policy, the MD/Group CEO, being an executive of the Company, besides adhering to the guidelines set on the maximum number of board representations on listed companies, will also have to seek the approval of the Chairman before accepting any directorships of companies not within the Group. In considering whether or not to grant the approval, the Chairman will consider the time commitment of the MD/Group CEO, and whether the new external directorships will provide strategic fit and networking to the businesses of the Group. The Chairman will also ensure that the MD/Group CEO will not accept appointments to the boards of competitors.

The effectiveness of the Board is monitored by the NC annually in terms of overall performance and growth of the Group, achieving an adequate return for Shareholders, preventing conflicts of interest and balancing the competing demands of the Group. In evaluating the contributions and performance of each individual Director, factors taken into consideration include attendance at Board Meetings and activities, contributions in specialist areas and maintenance of independence.

In the last quarter of the year, each Director fills in a Board Performance Evaluation Form, which includes questions on the Board's composition, the Board's contributions, contributions from Committees and conduct of proceedings

Corporate Governance

and whether these enable Directors to discharge their duties effectively. The answers are collated and the findings then presented by the Chairman to the Board during its Meeting.

Consistent with the Code, the Board does not have any alternate Director.

Access to Information

Prior to each Board Meeting, and where needed, Management provides Directors with timely, pertinent and complete information. The Board also receives monthly management accounts, updates on key performance indicators and regular investor relations reports covering investor relations activities and updates of analysts' views and comments. This enables the Board to make informed and sound decisions and be kept abreast of key challenges and opportunities, as well as developments for the Group.

The Board has full access to the Senior Management team. The Company Secretary assists in scheduling Board and Committee Meetings and prepares the agenda in consultation with the Chairman and MD/Group CEO. The Company Secretary attends the Board and Committee Meetings of the Group and prepares Minutes of Board and Committee proceedings. She keeps the Directors informed of any significant developments or events relating to the Group and ensures compliance with all relevant rules and regulations. She assists in professional development and training by regularly disseminating details of suitable training courses and arranging for the Directors to attend such courses when requested.

Should there be a need to obtain independent professional advice on matters relating to the businesses of the Group or issues affecting the duties of the Directors, the Group will arrange for

the appointment of relevant professional advisers at its own cost.

2. Remuneration Matters

Procedures for Developing Remuneration Policies, Level and Mix of Remuneration and Disclosure of Remuneration

ComfortDelGro recognises the importance of having a committed, versatile and talented workforce to manage and grow the businesses in an increasingly competitive and challenging environment. The Group therefore places great emphasis on motivating staff through engagement, recognition and a proper alignment of reward to performance.

The RC plays a key role in the Group's remuneration policies. Besides providing the Board with an independent assessment and review of Directors' remuneration, it also reviews the remuneration framework and strategy for executive compensation, with the purpose of developing talent and building leadership bench strength to ensure the Group's continued success.

In accordance with the Code, the RC comprises entirely of four non-executive independent Directors. Members of the RC are independent of Management and also free from any business or other relationships, which may materially interfere with the exercise of independent judgement. The Company Secretary is the Secretary to the RC.

The terms of reference of the RC are to:

- (i) Review and recommend to the Board the remuneration framework for compensation to each Director, and ensure that the level of remuneration offered is appropriate to the level of contribution; and

- (ii) Review and approve the remuneration of senior management staff to ensure that the overall remuneration package is attractive to retain and motivate key executives.

The remuneration packages of the MD/Group CEO and executives of the Group comprise fixed and variable components. The variable component in the form of year-end performance bonuses, forms a significant proportion of the remuneration packages and is dependent on the profitability of the Group and individual performance. Subject to market conditions and the operating environment, the Group targets a total compensation package with fixed to variable component ratios of 70:30 for rank and file employees, 60:40 for middle management staff and 50:50 for senior management staff. The Group believes that a higher proportion of performance related component would ensure greater alignment of interests of the executives with those of Shareholders. The remuneration of the MD/Group CEO is also tied to the return on shareholders' funds and the level of profitability achieved.

The structure for the payment of Directors' fees for non-executive Directors is based on a framework comprising basic fees and additional fees for serving on Board Committees, and also for undertaking additional services for the Group. The fees are subject to the approval of Shareholders at the AGM. The MD/Group CEO, being an executive of the Group, does not retain any fees paid by the subsidiaries. Instead, fees due to him are paid by the subsidiaries to the Group. The MD/Group CEO does not receive Director's fees for his Board Directorship with the Company.

The non-executive Directors of the Company are appointed pursuant to, and hold office in accordance with, the Articles of Association. They were eligible

for and had been granted options under the Scheme. Further information on the Scheme can be found from pages 72 to 75 of this Annual Report. The last grant of share options was on 20 June 2012 and the Scheme expired on 17 February 2013.

The remuneration of the Directors and the key executives of the Group (who are not Directors) for the Financial Year 2014 can be found on pages 118 and 119 of this Annual Report.

During the Financial Year 2014, no key executive was an immediate family member of any Director of the Company.

Procedures Adopted by RC

In 2014, the RC held two meetings. All decisions by the RC are made by a majority of votes of the RC members who are present and voting. The RC's decisions also exclude the vote, approval or recommendation of any members with a conflict of interest in relation to the subject matter under consideration. The MD/Group CEO is not present at any RC discussions relating to his own compensation, terms and conditions of service and the review of his performance. He is, however, in attendance when the compensation and incentive policies of senior management staff are discussed.

3. Accountability and Audit Accountability

The Board has overall accountability to the Shareholders of the Company, and ensures that the Group is well-managed and guided by strategic objectives. The Group's Operating Performance and Financial results are reported each quarter via SGXNET with an accompanying negative assurance by the Board to confirm that nothing has come to its attention that may render the results false

or misleading in any material aspects. The Company believes that prompt and full compliance with statutory reporting requirements is fundamental to maintaining shareholder confidence and trust.

ComfortDelGro has adopted an internal code based on the SGX's guideline to provide guidance to the Directors and executives of the Group in relation to dealings in the Company's securities. Directors and executives of the Group are prohibited from dealing in the securities of the Company and its listed subsidiaries during the period commencing two weeks before the announcement of the Company's and its listed subsidiaries' first, second and third quarter results, and one month before the announcement of the full-year results, and ending on the date of the announcement of the relevant results. All Directors and executives are notified by e-mails of the trading blackout periods before the start of the financial year.

All Directors and executives of the Group are also told that they must not deal in (i) the securities of the Company and its listed subsidiaries on short-term consideration and/or while in possession of unpublished material price-sensitive information relating to the relevant securities; and (ii) the securities of other listed companies while in possession of unpublished material price-sensitive information relating to those securities.

Audit and Risk Committee

The Company's ARC comprises four non-executive independent Directors. The Board has reviewed and is satisfied that the members of the ARC are appropriately qualified to discharge their responsibilities.

The roles of the ARC include the following:

- (i) Risk identification and reviewing the adequacy and effectiveness of financial, operational, compliance and information technology controls and risk management systems to ensure effectiveness in the management of risks and compliance with internal policies and external regulations;
- (ii) Review the effectiveness of the Group's internal audit function;
- (iii) Review the quarterly and annual financial statements, and also significant accounting and reporting issues and their impact on financial statements so as to ensure the integrity of the financial statements and any formal announcements relating to the Group's financial performance, and recommend to the Board the acceptance of such financial statements;
- (iv) Review the scope and results of the audits undertaken by the Internal and External Auditors, including non-audit services performed by External Auditors to ensure that there is a balance between maintenance of objectivity and cost effectiveness;
- (v) Review Interested Person transactions;
- (vi) Recommend the appointment, re-appointment or removal of the External Auditors at the AGM and review the fees due to them;
- (vii) Review the audit plans of the Internal and External Auditors; and
- (viii) Review the effectiveness of the Group's Whistleblowing Policy, which has been put in place for staff to raise concerns in confidence about

Corporate Governance

possible improprieties in matters of financial reporting or other matters, and ensure that an independent investigation and appropriate follow-up actions are taken. The Whistleblowing Policy is described in more detail on page 63 of this Annual Report.

In the performance of its duties, the ARC has explicit authority to investigate the affairs falling within its terms of reference, with full access to and cooperation from Management, discretion to invite any Director to attend its meetings, and reasonable resources to enable it to discharge its duties properly. The Company Secretary is the Secretary of the ARC.

The ARC also meets with the Internal and External Auditors in the absence of Management. During these meetings, the Auditors may raise issues encountered in the course of their work directly to the ARC. Prior to the re-appointment of the External Auditors, the ARC assesses their independence based on the guidelines set by the Accounting and Corporate Regulatory Authority. Having satisfied itself that the independence of the External Auditors, Deloitte & Touche LLP, is not impaired by their provision of non-audit services to the Group and that Rules 712, 715 and 716 of the SGX-ST Listing Manual have been complied with, the ARC has recommended to the Board that Deloitte & Touche LLP be nominated for re-appointment as the Group's External Auditors at the next AGM. As a further safeguard of Deloitte & Touche LLP's independence, the Deloitte & Touche LLP's partner-in-charge of auditing the Group is changed every five years.

Internal Audit

The internal audit function of the Group is performed by the Group Internal Audit

Division comprising suitably qualified and experienced staff and is headed by the Group Internal Audit Officer (GIAO). She reports functionally to the Chairman of the ARC and administratively to the MD/Group CEO.

The Group Internal Audit Division adopts a risk-based approach in its continuous audit work. Based on the audit plan, it provides an independent and objective evaluation of the internal control systems and corporate governance processes of the Group. The audit plan is developed by the GIAO in consultation with, but independent of, Management and is subject to the ARC's approval before the start of each financial year. Quarterly internal audit summary reports are also prepared and submitted to the ARC on the status of audits carried out. Any material non-compliance or lapses in internal controls are reported to the ARC and the MD/Group CEO for improvements to be made. The independence of the internal audit function is ensured as the ARC meets with the GIAO at least once a year in the absence of Management.

The activities and organisational structure of the Group Internal Audit Division are monitored and reviewed by the ARC periodically to ensure that it has the necessary resources to adequately perform its functions, and that there are no unjustified restrictions and limitations placed on the performance of its duties.

The Group Internal Audit Division has adopted the International Standards for the Professional Practice of Internal Auditing laid down in the International Professional Practices Framework issued by the Institute of Internal Auditors (IIA Standards). The Group Internal Audit Division successfully completed its external Quality Assurance Review in 2014 and continues to meet or exceed the IIA Standards in all key aspects.

Internal Controls and Risk Management

Risk management is an important and integral part of ComfortDelGro's strategic planning and decision-making process. Key risks are identified and presented to the Board annually. Ownership of the risk management process is clearly defined and cascaded to the executive and functional level, with stewardship retained at Senior Management. Plans that are necessary to manage and mitigate the risks are in place and closely monitored. The adequacy of the internal controls in place is also assessed as part of the process. A detailed description of the Group's approach to internal controls and risk management is set out on pages 61 to 63 of this Annual Report.

The Internal and External Auditors conduct reviews in accordance with their audit plans to assess the adequacy of the internal controls that are in place. Any material non-compliance and recommendations for improvements are reported to the ARC. The ARC also reviews the effectiveness of the actions taken by Management on the recommendations made by the Internal and External Auditors. The recommendations are followed up as part of the Group's continuous review of the system of internal controls.

For the Financial Year 2014, the Board has received assurance from the MD/Group CEO and the Group Financial Officer that the financial records have been properly maintained and the financial statements are prepared in compliance with the Singapore Financial Reporting Standards and are correct in all material aspects and give a true and fair view of the operations and finances of the Group.

Based on these reviews, the Board is of the view, with the concurrence of the ARC, that there are adequate and effective

internal controls in place within the Group to address its financial, operational, compliance and information technology risks and to provide reasonable assurance against material financial misstatements or loss.

4. Communications with Shareholders

Regular, Effective and Fair Communications with Shareholders

ComfortDelGro is committed to actively engaging its Shareholders and have put in place an Investor Relations (IR) programme to promote regular, effective and fair communications with Shareholders and the investment community. The IR team works with Senior Management to proactively carry out this engagement programme, which is described in more detail on page 51 of this Annual Report.

The Company notifies Shareholders in advance of the date of release of its Financial Results through the Company's regularly updated website at www.comfortdelgro.com as well as an SGXNET announcement. Communication with Stakeholders is conducted through announcements to the SGX and press releases, media and analyst briefings after the announcement of the full-year results, as well as the posting of announcements and releases on the Company's website. Shareholders may send in their requests or queries through the feedback channel provided on the website. The Company's IR team is accessible throughout the year to address Shareholders' queries. The contact details of the Group Investor Relations & Special Projects Officer (GIRSPO) can be found on the website.

The Company does not practise selective disclosure in the communication of material information. Communication

with the SGX is handled by the Company Secretary, while communication with Shareholders, analysts and fund managers is handled by the GIRSPO. Specific guidelines have been laid down for compliance in respect of all public communication. In addition, the Company has also put in place operational procedures to respond promptly to queries from the SGX on any unusual trading activities in its securities.

Greater Shareholders' Participation at AGM

The Company views the AGM as a good opportunity for Shareholders to meet the Board and senior management staff. Shareholders are informed of Shareholders' Meetings through notices published in the newspapers and circulars sent to all Shareholders. All registered Shareholders are invited to attend and participate actively in the AGM and are given the opportunity to seek clarification or question the Group's strategic direction, business, operations, performance and proposed resolutions.

The Chairman of the various Board Committees, as well as the External Auditors are present to address any question or feedback raised by the Shareholders at the AGM, including those pertaining to the proposed resolutions before the resolutions are voted on.

The Board had, since 2008, voluntarily lowered its general authority to issue shares pursuant to Section 161 of the Companies Act, Cap. 50 by reducing the limit for non-pro rata shares issues from 20% to 10% of the issued shares in the capital of the Company. As this general authority to issue shares was a routine resolution which had been sought by the Company since its incorporation and no issue of shares had as yet been exercised, the Board had, in 2009, decided to remove and stop seeking the general

authority to issue shares to address concerns from the Shareholders that if this general authority to share issue were mandated, the Company could subsequently issue shares pursuant to this mandate, which would dilute their shareholding percentages and affect their voting rights.

The Articles of Association of the Company provide for voting in person and by proxy at the AGM of the Company. Each Shareholder is allowed to appoint up to two proxies to vote on his behalf at Shareholders' Meetings through proxy forms sent in advance. Shareholders, who hold shares through nominees such as the Central Provident Fund and custodian banks, are allowed to attend the AGM as observers subject to availability of seats. Each issue or matter requiring Shareholders' approval is tabled as a separate and distinct resolution.

The Company is not implementing absentia voting methods such as voting via mail, e-mail or fax until security, integrity and other pertinent issues are satisfactorily resolved.

Beyond complying with the requirements of the Code, the SGX-ST Listing Manual and the Companies Act, the Company has also taken various additional measures to enhance corporate governance and improve transparency, including:

- (i) The Company has taken steps to advertise the Notice of AGM at least 28 days before the AGM is held; and
- (ii) The Company sends electronic annual reports (by way of a CD-ROM) to all Shareholders (including foreign Shareholders) at least 21 days before the AGM to ensure that all Shareholders have adequate time to review the annual reports before the AGM. The move to electronic

Corporate Governance

documentation demonstrates the Group's commitment towards Green and sustainable efforts. Upon request, hard copies are also provided to Shareholders.

Voting by Poll

The Company has adopted electronic poll voting for general meetings since 2011 to ensure greater transparency and efficiency in the voting process and results. Shareholders are invited to vote on each of the resolutions by poll, using an electronic voting system. The voting results of all votes cast for or against each resolution are screened at the meeting and announced via the SGXNET after the meeting. Voting by poll is the most accurate means of tabulating Shareholders' votes according to the number of shares owned. We believe that this will encourage greater Shareholders' participation at the Company's general meetings and demonstrates ComfortDelGro's commitment to high standards of corporate governance and transparency.

5. Additional Measures to Enhance Corporate Governance

The Company has also undertaken various additional measures to enhance corporate governance as follows:

Corporate Gifts/Entertainment Policy

Whilst business gifts and entertainment are courtesies that build goodwill and sound working relationships among business partners, the Group does not tolerate the improper use of gifts or entertainment to gain any special advantage in a business relationship.

The Group discourages the receipt of gifts or acceptance of entertainment, loans or

other favours as these may compromise an employee's ability to make objective, independent and fair business decisions. Offering excessive gifts in whatever form or entertainment to others can also be opened to misinterpretation. Employees are therefore not permitted to offer or accept any gifts or entertainment without first seeking their supervisor's authorisation. Where business entertainment is deemed appropriate, they will be moderately scaled to facilitate the achievement of business goals and objectives.

Employees, who receive gifts directly or indirectly in relation to their course of employment with the Group, are expected to notify their supervisors and declare such gifts to the Group Human Resource Department. All gifts declared are processed through structured corporate procedures to ensure proper accountability.

Business gifts and entertainment presented on the Group's behalf are consistent with generally accepted business practices and ethical standards, and do not violate any applicable laws, regulations or policies of any country we operate in or company in which we have dealings with.

Block Leave Policy

As a further risk mitigation measure and to enhance governance, the Group has a Block Leave Policy in place which applies to employees holding key functions. This arrangement allows covering officers to fully step into the duties of the employees on leave, as an additional check and balance against any breaches.

Information Protection Policy

The Group has also implemented an information protection policy to ensure that all documents and data information of the Group are properly safeguarded.

Information is classified into secret, confidential, restricted and unrestricted use based on its nature, contents and implications. Processes and systems used to store, process or communicate the information provide protection from unauthorised disclosure and use.

Data Protection Policy

Business units in Singapore have implemented data protection policies and practices to ensure compliance with the obligations under the Personal Data Protection Act and Do Not Call provisions that came into force in 2014.

Interested Person Transactions

Listing Manual – Rule 907

There were no Interested Person transactions of or over S\$100,000 in value entered into during the financial year under review.

There is no Shareholder's mandate for Interested Person transactions pursuant to Rule 920 of the Listing Manual.
