

CORPORATE GOVERNANCE

ComfortDelGro Corporation Limited (“ComfortDelGro” or the “Company”, and together with its subsidiaries, the “Group”), believes that a fundamental measure of our success is about creating long-term shareholder value.

We will continue to:

- Focus relentlessly on our customers;
- Make corporate decisions to generate long-term value rather than for short-term considerations;
- Maintain our lean culture through cost efficiencies to drive value creation;
- Hire and retain skilled and dedicated employees; and
- Look for sustainable ways to protect the environment.

CORPORATE GOVERNANCE STATEMENT

ComfortDelGro strongly believes that good corporate governance makes sound business sense. To this end, the Group maintains the highest standards of corporate governance, professionalism and integrity as we build an organisation that our Shareholders, Employees, Business Partners, the Authorities and other Stakeholders can trust and be proud of.

The Group is committed to ensuring the Group’s compliance with the Code of Corporate Governance issued by the Monetary Authority of Singapore dated 6 August 2018 (the “Code”). The Group has adopted a Code of Business Conduct, which sets out the principles and policies upon which the Group’s businesses are to be conducted, and also implemented a Whistle Blowing Policy which provides a mechanism for Employees and External Parties to raise concerns about possible improprieties in financial reporting or other improper business conduct, whilst maintaining confidentiality of the identity of whistleblowers and protecting them from reprisal within the limits of the law.

This Report sets out the corporate governance practices that were in place during the Financial Year ended 31 December 2021 (“FY2021”), with specific references to the Code. For FY2021, we are pleased to report that the Group complied in all material aspects with the Code.

1. BOARD MATTERS

The Board of Directors (the “Board”) has a duty to protect and enhance the long-term value of the Group and achieve sustainable growth for the Group. It sets the overall strategic direction of the Group and oversees the proper conduct of the business, performance and affairs of the Group. Board members are expected to act in good faith and exercise independent judgement in the best interests of the Company.

In appointing Directors, the Company seeks individuals who have integrity, expertise, business acumen, shareholder orientation and a genuine interest in the Group.

PRINCIPLE 1: THE BOARD’S CONDUCT OF AFFAIRS

BOARD’S ROLE AND RESPONSIBILITIES

At the helm of the decision-making process of the Company is the Board. The Board is headed by the Independent and Non-Executive Chairman, Mr Lim Jit Poh (the “Chairman”), and is responsible for:

- Providing entrepreneurial leadership and guidance, setting strategic directions and objectives of the Group (which include appropriate focus on value creation, innovation and sustainability) and ensuring that adequate financial and human resources are in place to achieve the objectives;
- Ensuring that appropriate and adequate systems of internal controls, risk management processes and financial authority limits are in place to safeguard Shareholders’ interests and the Group’s assets, and to achieve an appropriate balance between exposure to risks and the Group’s performance;
- Challenging Management constructively and monitoring its performance;
- Identifying the key Stakeholder groups and guiding Management in the Group’s strategy and approach in addressing the concerns of these key Stakeholder groups, and ensuring transparency and accountability to all Stakeholders;
- Instilling an ethical corporate culture and ensuring the Group’s values, standards, policies and practices are consistent with the Group’s culture; and
- Considering environmental, social and governance (“ESG”) issues as part of its strategic formulation on sustainability.

INDUCTION, TRAINING AND DEVELOPMENT OF DIRECTORS

Upon appointment, the Director will be issued an official letter of appointment, which clearly sets out his/her role, duties and responsibilities as a director of the Company. The new Director will also receive a copy of the Company’s Constitution, the Company’s current and previous years’ Annual Reports and corporate structure chart of the Group.

Management will conduct a comprehensive orientation programme for newly appointed Directors, which covers, amongst other matters, duties as a director and how to discharge those duties and key aspects of the Group’s businesses, including financial and corporate governance policies. Site visits will also be arranged for new Directors so that they can better familiarise themselves with the Group’s operations. When a Director is appointed to a Board Committee, he/she is provided with a copy of the relevant Board Committee’s terms of reference.

If the newly appointed Director has no prior experience as a director of a company listed on the Singapore Exchange Securities Trading

CORPORATE GOVERNANCE

Limited (“**SGX-ST**”), training in relevant areas such as regulatory, finance and legal as well as industry-related areas will be provided. As required under the SGX-ST Listing Rules, a new Director who has no prior experience as a director of a company listed on the SGX-ST must undergo training as prescribed by the SGX-ST. Such training should be completed within one year of appointment.

Directors are encouraged to undergo continual professional development by attending relevant training programmes, seminars and courses organised by the Singapore Institute of Directors (“**SID**”) and other professional bodies to enhance their knowledge and skills, and better equip themselves to effectively discharge their duties as a Director of the Company. The fees for the courses are paid for by the Company.

The Company Secretary updates and briefs the Board on corporate governance practices and changes in or updates to the relevant legal and regulatory requirements pertaining to the Group’s businesses. External consultants are also invited to conduct seminars on specific topics as and when necessary.

In FY2021, the Directors attended the courses/seminars listed below:

Regular presentations are made by the Management to the Board to enable the Directors to better familiarise themselves with the Group’s businesses. Site visits for the Board are also organised from time to time to enable the Directors to learn more about the Group’s operations. During such visits, the Directors spend time with the Management to discuss key strategies and policies pertaining to, not just Company specific operations, but also the Group’s businesses in general. Such meetings help the Directors to be better equipped to make informed decisions relating to the future direction of the Group. The Group also holds strategy meetings at least once every two years for the Board to interact with the Management and review the Group’s future plans and proposals for new business opportunities, with the latest strategy meeting held in November 2021.

RESERVED MATTERS

ComfortDelGro has adopted clear, established and documented internal guidelines for matters which require the Board’s approval. Under these guidelines, Board approval is required with regards to matters such as acquisition of businesses, disposals of or changes in equity interests in existing subsidiaries/associates, investment in financial instruments, tender for businesses above the prescribed limits, assessing and approving key business decisions, funding and investment initiatives and other corporate actions, including approval of the financial authority limits, annual budget and capital expenditure and the release of financial results to the SGX-ST via SGXNET. In addition, the acceptance of credit facilities from banks, the establishment of capital market programmes and the issuance of debt instruments also require the approval of the Board.

The Board periodically reviews the adequacy and effectiveness of internal controls, risk management and financial authority limits to ensure that while there is delegation of authority, there are sufficient checks and balances in place to monitor such delegation.

CONFLICTS OF INTEREST

All Directors are required to avoid situations where their own personal or business interests may conflict or appear to conflict with the interests of the Group. Where a Director has a conflict of interest, or it appears that he/she might have a conflict of interest in relation to any matter, the Director must immediately declare his/her interest at a meeting of the Directors or send a written notice to the Company containing details of his/her interest in the matter and the actual or potential conflict, and recuse himself/herself from participating in any discussion or decision on the matter.

DELEGATION BY THE BOARD

To assist the Board in the detailed consideration of the various issues at hand and to facilitate decision-making, five Board Committees were formed, namely, the Audit and Risk Committee (“**ARC**”), the Nominating and Remuneration Committee (“**NRC**”), the Investment Committee (“**IC**”), the Digitalisation Committee (“**DC**”) and the Sustainability Committee (“**SC**”) which was formed on 30 April 2021 (collectively, the “**Board Committees**”). Ad hoc committees are also formed to look at specific issues from time to time.

Each Board Committee is governed and regulated by its own terms of reference, which sets out the scope of its authority, duties and responsibilities, as well as the regulations and procedures governing the manner in which the Board Committee operates and how decisions are taken.

The Nominating Committee and the Remuneration Committee were merged into a single Board Committee, the NRC, on 30 April 2021, for greater efficiency in the review of the appointment, performance and compensation of Directors and Key Management Personnel.

The terms of reference and summary of the activities of the ARC and NRC are described in further detail in the relevant sections below from pages 71 to 80.

The IC's terms of reference are to assist the Board to review and recommend investment strategies and opportunities to deliver steady and sustainable results through growth in the Company's business. The IC is authorised to approve transactions within its delegated authority limit in relation to acquisitions and investments within the scope of existing and approved business as well as any divestment of existing businesses.

The DC was formed with specific terms of reference to assist the Board to oversee its group-wide digital strategy and associated execution plans to ensure that the Group leverages digitalisation as the catalyst for its strategic and business transformation agenda.

The SC, which was established on 30 April 2021, assists the Board in fulfilling its corporate governance responsibilities in relation to the Group's sustainability policies and strategies, by providing directions and considering ESG issues as part of its strategic formulation and investments. The Committee will seek to integrate sustainability considerations in the business strategies of the Group in order to deliver steady and sustainable outcomes.

As at 31 December 2021, the SC comprised five (5) Directors, including the Chairman and the Managing Director and Group Chief Executive Officer ("**MD/Group CEO**"). The Chairperson of the SC is Ms Jessica Cheam. Under the strong support of the SC, the Company pushed itself towards qualifying as a constituent of the Dow Jones Sustainability Index (Asia Pacific) for the third year running. The key terms of reference of the SC include the following:

- (i) Review and monitor the implementation of the Group's sustainability strategy, including materiality assessment and alignment of sustainable development policies with applicable laws and regulations;

- (ii) Review and monitor Management's commitment and allocation of resources to achieving the desired outcomes of the Group's sustainability strategy;
- (iii) Establish policies and practices, set and assess ESG targets, and measure the performance against targets;
- (iv) Ensure the Group's sustainability policies, strategies and priorities are integrated into the Group's strategic plans, investment strategy and business goals; and
- (v) Monitor and consider emerging key ESG trends and issues that may have strategic, business and reputational implications for the Group, and receive periodic reports from the Management or external parties on the same, and make recommendations to the Board as necessary.

Although the Board Committees are empowered to make their own decisions, the Board is ultimately responsible for all decisions made by the Board Committees.

DIRECTORS' ATTENDANCE AT BOARD AND BOARD COMMITTEE MEETINGS

At least five (5) scheduled Board Meetings are held every year at regular intervals for the purpose of reviewing the results and ongoing performance of the Group, notwithstanding that the financial results are only announced semi-annually. The Board Meetings to approve the half yearly financial results are held within 45 days after the end of the first half of the financial year, and not later than 60 days after the end of the financial year for the full year financial results, while the Board Meeting to approve the annual budget is held in the last quarter of each year after all the budgets of the subsidiaries have been approved by their respective Boards. Ad hoc Board and Board Committee Meetings are also held from time to time when the need arises.

Directors who are unable to attend meetings in-person, are able to participate in the discussions through video/audio/teleconferencing. Decisions of the Board and Board Committees on matters in the ordinary course of business may also be obtained via circular Resolutions. Directors are free to seek clarifications and explanations from Management on the reports and papers submitted to the Board.

ACCESS TO INFORMATION

Prior to each Board and Board Committee Meeting, and where needed, Management provides Directors with complete, adequate and timely information. This enables the Board to make informed and sound business decisions and to keep abreast of key challenges, opportunities and developments for the Group. As a general rule, reports to the Board and Board Committees are disseminated to Directors prior to meetings to provide sufficient time for review and consideration, so that discussions at the meetings are productive and effective. All information is encrypted if distributed electronically.

INDEPENDENT PROFESSIONAL ADVICE

Directors can request for additional information and have full access to Management. Management provides information requested by Directors for their meetings and decision making

in a timely manner. Should there be a need to obtain independent professional advice on matters relating to the businesses of the Group or issues affecting the duties of the Directors, the Company will arrange for the appointment of relevant professional advisers at its own cost.

COMPANY SECRETARY

The Company Secretary assists in organising the Board and Board Committee Meetings and prepares the agenda in consultation with the Chairman, and MD/Group CEO and the chairpersons of the respective Board Committees. The Company Secretary attends all Board and Board Committee Meetings. PRINCIPLE 2: BOARD COMPOSITION AND GUIDANCE

BOARD INDEPENDENCE

As at 31 December 2021, the Board comprised ten (10) Directors with 90% of the Board being independent Directors. Except for the MD/Group CEO who is an Executive Director, all the remaining nine (9) Non-Executive Directors (“**NED**”) are considered by the NRC to be independent. Mr Lim Jit Poh, Ms Sum Wai Fun, Adeline and Dr Wang Kai Yuen had served on the Board for more than nine (9) years. Mr Lim Jit Poh’s and Ms Sum Wai Fun, Adeline’s continued appointments as independent Directors were approved in separate resolutions by (i) the Shareholders of the Company; and (ii) the Shareholders of the Company, excluding the Directors and MD/Group CEO and associates of such Directors and MD/Group CEO, at the Annual General Meeting (“**AGM**”) held on 30 April 2021. As such, they are still considered Independent Directors notwithstanding their length of service on the Board.

However, Dr Wang Kai Yuen did not seek re-election at the same AGM. Hence, by virtue of Rule 210(5)(d)(iii) of the SGX-ST’s Listing Manual, having served on the Board for 19 years, he was deemed to be Non-Independent with effect from 1 January 2022. Dr Wang Kai Yuen was thus redesignated as a Non-Independent Non-Executive Director as of 1 January 2022. On the same date, Mr Lee Jee Cheng Philip was appointed to the Board as an Independent Non-Executive Director. As at 1 January 2022, the Board comprised eleven (11) Directors with nine (9) Independent Directors and two (2) Non-Independent Directors.

The current board composition exceeds the requirements under the Listing Rules and the Code which require at least one-third of the Board to comprise independent Directors. It is also noted that the Chairman is also not part of the Management team. No person will be able to influence the decisions of the Board as the over-whelming majority of the Directors are independent NEDs. There is a strong level of independence in the Board.

CORPORATE GOVERNANCE

The NRC is responsible for assessing the independence of the Directors on an annual basis. Each Director is required to complete a Confirmation of Independence checklist which is drawn up in accordance with the guidelines provided in the Code and requires each Director to assess his/her own independence. Each Director is required to declare any circumstances in which he/she may be considered non-independent. The NRC will then review the Confirmation of Independence to determine whether a Director is independent. The NRC deems a Director who is associated with a Substantial Shareholder in the the current and immediate past financial year as non-independent.

The NRC takes the view that a Director's independence should not be determined solely and arbitrarily on the basis of the length of service. A Director's contribution in terms of experience, expertise, professionalism, integrity, objectivity and independent judgement in engaging and challenging Management in the best interests of the Group as he/she performs his/her duties in good faith, are more critical measures in ascertaining his/her independence than the number of years served on the Board. Hence, the Board does not impose a limit on the length of service of the independent Directors. In taking a holistic approach, the Board and the NRC exercise due and careful review, taking into consideration various factors, in assessing the independence of a Director. These factors include, inter alia, if the Director has any interest, business, relationship and/or any other material contractual relationship with the Group which could reasonably be perceived to compromise his/her independence and interfere with the exercise of his/her independent business judgement. The Board is of the view that all independent Directors remain independent in the exercise of their judgement on Board matters.

INDEPENDENT JUDGEMENT

All Directors are aware of their fiduciary duties and exercise due diligence and independent judgement in ensuring that their decisions are objective and in the best interests of the Company and its Group.

A Director must not vote in respect of any transaction or proposed transaction with the Company in which the Director has an interest in, or in respect of any matter arising from such transaction or proposed transaction in accordance with Regulation 104 of the Company's Constitution.

BOARD SIZE, COMPOSITION, DIVERSITY AND COMPETENCY

The NRC examines the size and composition of the Board and the Board Committees annually to ensure an appropriate balance and diversity of skills, knowledge, experiences, age and gender, and that the size is conducive for effective discussion and decision making, with an appropriate number of independent Directors. The NRC also takes into consideration the promotion of tripartism experience from labour, government and business, to foster constructive debate to enhance the Board's ability to discharge its duties and responsibilities effectively.

The bulk of the Group's businesses is regulated. Having considered the scope and nature of the operations of the Group and the

requirements of its businesses, the NRC and the Board are of the view that the current size of eleven (11) Directors is appropriate.

The Group is committed to building an open, inclusive and collaborative culture and recognises the importance of all aspects of diversity in supporting the achievement of its strategic objectives, growth and sustainable development.

BOARD DIVERSITY POLICY

The Company has adopted a Board Diversity Policy since 2019, which focusses on ensuring an appropriate balance and mix of skills, knowledge, experience, gender and other aspects of diversity within the Board to avoid groupthink and bias, but instead foster constructive debate and achieve effective decision-making in the best interests of the Group.

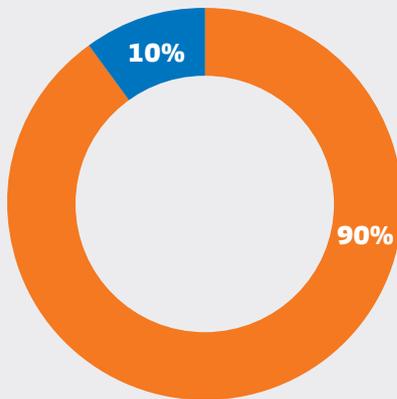

In reviewing the Board composition and succession planning, the NRC considers various aspects of diversity, with all Board appointments and re-appointments based on merit, and due consideration being given to a candidate's suitability in strengthening the diversity of skills, experience, gender, knowledge and core competencies of the Board relevant to the Group. In relation to gender diversity, the Board ensures that female candidates are included for consideration when identifying suitable candidates for new appointments to the Board, and that at least one (1) female director sits on the NRC. As at 31 December 2021, out of ten (10) directors on the Board, three (3) directors or 30% are females. Ms Sum Wai Fun, Adeline also sits on the NRC and this meets with the Board Diversity Policy of having at least one (1) female on the NRC.

The Directors are individuals with leadership experiences in business, government and the labour movement and with a broad diversity of expertise and experience including accounting, finance, legal, information technology, artificial intelligence, sustainability and business management, both domestically and internationally. Each Director provides a valuable network of industry contacts and brings in different perspectives and ideas at Board discussions.

The NRC is satisfied that the Board and Board Committees comprise Directors who, as a group, provide an appropriate balance and diversity of skills, knowledge, experience, age and gender and core competencies required for the Board and Board Committees to discharge their responsibilities effectively and ensure that the Group continues to be able to meet the challenges and demands of the markets in which it operates. The NRC also ensures that the Board Diversity Policy is reviewed from time to time and ascertains that the current makeup of the Board and Board Committees reflects the Group's commitment to all aspects of diversity.

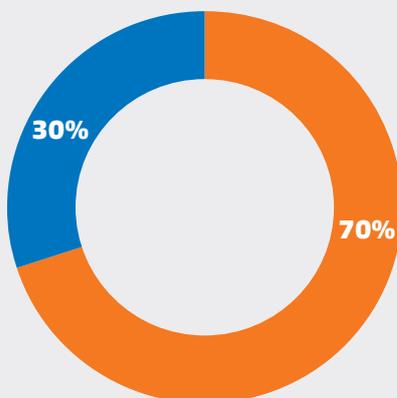

The individual profile of the Directors, their listed company directorships and principal commitments held currently and/or in the preceding five (5) years, are found in the 'Board of Directors' and 'Directors' Particulars' sections on pages 22 to 27 and pages 84 to 87 of this Annual Report.

DIRECTORS' LENGTH OF SERVICE (As at 31 December 2021)

NON-EXECUTIVE DIRECTORS' PARTICIPATION

As at 31 December 2021, all the NEDs are independent Directors. They have unrestricted access to the Management and are well supported by accurate, complete and timely information, including monthly and quarterly performance reports. They participate actively at Board and Board Committee Meetings to constructively challenge Management and help develop proposals on business strategy and other business and governance issues. They also review the performance of Management in meeting agreed-upon goals and objectives and monitor the reporting of performance.

As at 31 December 2021, all the members of the ARC and NRC are independent NEDs. There is no Executive Director on these Board Committees.

The Independent Non-Executive Chairman, who is not a member of the ARC, meets with the Chairperson of the ARC and External Auditors annually in the absence of Management. The NEDs meet regularly without the presence of Management before or after Board Meetings. The Chairperson of such meetings provides feedback to the Board and/or the Chairman, as appropriate.

PRINCIPLE 3: CHAIRMAN AND CHIEF EXECUTIVE OFFICER

ROLES OF CHAIRMAN AND MANAGING DIRECTOR/GROUP CHIEF EXECUTIVE OFFICER ("MD/GROUP CEO")

The roles of the Chairman and the MD/Group CEO are kept separate and distinct to ensure an appropriate balance of power, increased accountability and greater capacity of the Board for independent decision making. This is a deliberate policy agreed by the Board and one that is strictly adhered to. This ensures Management accountability and Board independence. The responsibilities of the Chairman and the MD/Group CEO are set out in writing, with the Chairman responsible for the effective functioning of the Board, and the MD/Group CEO responsible for the operations and management of the Group's businesses. The Chairman and the MD/Group CEO are not related.

The Chairman:

- (i) Leads the Board, facilitates effective contribution of all Directors, sets the agenda and promotes comprehensive, rigorous and open discussions at Board Meetings among the Directors, as well as between the Board and Management;
- (ii) Oversees the translation of the Board's decisions into executive action;
- (iii) Ensures adequacy and timeliness of information flow between the Board and Management and effective communications with Shareholders and other Stakeholders;
- (iv) Encourages constructive conversations and cordial relations within the Board, between the Board and Management and the Board and the MD/Group CEO; and
- (v) Promotes high standards of corporate governance and transparency.

CORPORATE GOVERNANCE

The MD/Group CEO is given full executive responsibility for the management of the Group's businesses and the implementation of the Group's strategies and policies as decided by the Board, and reports to the Board on a regular basis.

The Chairman and the MD/Group CEO represent the Board at official functions and meetings with Shareholders and other Stakeholders such as Employees, Regulators and Customers. A detailed description of our engagements with stakeholders can be found in our Sustainability Report.

LEAD INDEPENDENT DIRECTOR

The appointment of a Lead Independent Director is not required as the Chairman and the MD/Group CEO are different persons. Moreover, the majority of the Board including the Chairman are independent Directors and none of them is part of Management or has a relationship with the MD/Group CEO and his immediate family members.

PRINCIPLE 4: BOARD MEMBERSHIP

There is a formal and transparent process for the appointment and re-appointment of Directors to the Board, taking into account the need for progressive renewal of the Board.

NOMINATING AND REMUNERATION COMMITTEE

As at 31 December 2021, the NRC comprised six (6) independent NEDs. Mr Lee Jee Cheng Philip joined the NRC on 1 January 2022. The NRC is responsible for regularly reviewing the composition of the Board, identifying and proposing suitable candidates for appointment to the Board and ensuring succession plans are in place. The renewal of Board membership is an ongoing process to ensure good governance and maintain relevance in a changing business environment. All decisions by the NRC are made by a majority of votes of the NRC members who are present and voting. The key terms of reference of the NRC include the following:

- (i) Review the succession plans for Directors and the talent management and succession plans for Key Management Personnel, and make recommendations to the Board on the appointment, replacement and re-appointment of Directors and Key Management Personnel, including the appointment and/or replacement of the Chairman and the MD/Group CEO;
- (ii) Assess the effectiveness of the Board and Board Committees and contribution by each individual Director;
- (iii) Develop a process for performance evaluation of the Board, its Board Committees and individual Director's performance, including comparison with industry peers;

(iv) Determine annually, and as and when circumstances require, if a Director is independent; and

(v) Make recommendations to the Board on the review of training and professional development programmes for the Board and the Directors.

MULTIPLE BOARD REPRESENTATIONS

The NRC subscribes to the view that it is important for Directors to devote sufficient time and attention to the affairs of the Group. Consistent with the guidelines in the Code, the NRC and the Board have adopted the following as a proactive step to ensure this:

- A Director who is in full-time employment should not serve as a Director on the Board of more than three (3) listed companies; and
- A Director who is not in full-time employment should not serve as a Director on the Board of more than six (6) listed companies.

As the number of board representations should not be the only measure of a Director's commitment and ability to contribute effectively, the NRC takes the view that if a Director wishes to hold more board representations than the maximum stated in the guidelines, a request must be made to the Chairman of the Board for approval. As a policy, the Chairman himself should not hold more than six (6) directorships in listed companies if he is not in full-time employment and not more than three (3) directorships in listed companies if he is in full-time employment.

In assessing a Director's contribution, the NRC takes a holistic approach. Focussing solely on the Directors' attendance at the Board and Board Committee Meetings per se may not be an adequate evaluation of the contribution of the Directors. Instead, their ability to provide valuable insights and strategic networking to enhance the businesses of the Group, availability for guidance and advice outside the scope of formal Board and Board Committee Meetings and contributions in specialised areas are also factors relevant in assessing the contributions of the Directors.

As a policy, the MD/Group CEO, being an Executive Director of the Company, besides adhering to the guidelines set on the maximum number of board representations on listed companies, will also have to seek the approval of the Chairman before accepting any directorships of companies not within the Group. In considering whether or not to grant the approval, the Chairman will consider the time commitment of the MD/Group CEO and whether the new external directorships will provide the strategic fit and networking for the businesses of the Group. The Chairman will also ensure that the MD/Group CEO does not accept appointments to the boards of competitors.

As at 31 December 2021, all Directors comply with the guidelines on multiple board representation.

ALTERNATE DIRECTOR

Consistent with the Code, there is no alternate Director on the Board.

PROCESS FOR SELECTION, APPOINTMENT AND RE-APPOINTMENT OF DIRECTORS

As part of the Board succession plan, new Directors may be identified from time to time for appointment to the Board after the NRC evaluates and assesses their suitability in strengthening the diversity of skills, experience, age, gender, knowledge and relevant core competencies of the Board, whilst ensuring that there is a balanced tripartism experience from government, labour and business to avoid unproductive group-think and bias.

The process for selection of new Directors is as follows:

- (i) The NRC assesses the desired competencies and attributes of the Board taking into account the Group's businesses and its strategic objectives.
- (ii) The NRC then assesses the competencies and attributes to include into the current representation to achieve the desired mix. This forms the basis for selection of new Directors.
- (iii) New Directors are sourced through various channels, including recommendations of Directors and Management and if required, external search consultants.
- (iv) Potential candidates are interviewed by the NRC to assess suitability and commitment.
- (v) The NRC makes recommendations to the Board for approval.

The Constitution of the Company provides that one-third of the Directors are subject to retirement and re-election by rotation at every AGM. All Directors are required to retire from office at least once every three (3) years. Re-election is, however, not automatic, and all Directors are assessed by the NRC on their past performance and contributions before being recommended to Shareholders for re-election at the AGM. Newly appointed Directors are also subject to retirement and re-election at the AGM immediately following their appointments. At the forthcoming AGM, Mr Chiang Chie Foo, Ms Jessica Cheam, Professor Ooi Beng Chin and Dr Wang Kai Yuen are due for re-election pursuant to Regulation 93 of the Constitution. Dr Wang Kai Yuen, however, has notified the Board that he will not seek re-election and will retire at the end of the coming AGM. Mr Lee Jee Cheng Philip, who was appointed on 1 January 2022, will be due for re-election pursuant to Regulation 99 of the Constitution which provides that newly appointed Directors will hold office until the next AGM and shall then be eligible for re-election. Mr Lee Khai Fatt, Kyle has expressed his desire to retire at the end of the AGM, after five years on the Board.

KEY INFORMATION ON DIRECTORS

The profile of the Directors and key information are set out in this Annual Report from pages 22 to 27. The Notice of AGM sets out the Directors proposed for re-election or re-appointment at the forthcoming AGM. Key information on Directors are also available on the Company's website.

PRINCIPLE 5: BOARD PERFORMANCE

Each year, the Board undertakes a formal annual assessment of its effectiveness as a whole, and that of each of its Board Committees and individual Directors.

The NRC is delegated by the Board to undertake a process to assess the effectiveness of the Board in terms of overall performance and growth of the Group, achieving a reasonable return for Shareholders, preventing conflicts of interest and balancing the competing demands of the Group. In evaluating the contributions and performance of each individual Director, factors taken into consideration include attendance at AGM, Board and Board Committee Meetings and corporate activities, contributions in specialist areas and maintenance of independence. The performance criteria are determined by the NRC and approved by the Board, and do not change from year to year.

The annual evaluation process (including for FY2021) for the Board, Board Committees and individual Directors involves the following:

- (i) Each Director completes an individual director self-assessment form.
- (ii) The NRC members each completes a Board performance evaluation questionnaire.
- (iii) The respective Board Committee members completes the relevant Board Committee evaluation questionnaire.
- (iv) The results of the completed Board Committee questionnaires are collated by the Company Secretary and sent to the Chairpersons of the respective Board Committees as well as to the Chairman for review.
- (v) The results of the completed Board questionnaires and the individual self-assessment forms are collated by the Company Secretary and sent to the Chairman for review.
- (vi) The collated results of the completed Board questionnaires, Board Committee questionnaires and individual self-assessment forms are presented to the Board for review and endorsement.

CORPORATE GOVERNANCE

The performance evaluation includes key points such as the Board composition and size, Board accountability, conduct of Board and Board Committee Meetings, standards of conduct and whether the Directors have discharged their duties effectively.

2. REMUNERATION MATTERS

PRINCIPLE 6: PROCEDURES FOR DEVELOPING REMUNERATION POLICIES

ComfortDelGro recognises the importance of having a skilled and dedicated workforce to manage and grow the businesses in an increasingly competitive and challenging environment. It therefore places great emphasis on motivating staff through engagement, recognition and an alignment of rewards to corporate and individual performance, as well as long-term interests of the Group and Shareholders.

NOMINATING AND REMUNERATION COMMITTEE

The NRC plays an important role in the Group's remuneration policies, as well as oversees the talent management and succession planning for Key Management Personnel. Besides providing the Board with an independent review and assessment of Directors' remuneration, it also reviews the remuneration framework and strategy for executive compensation, with the purpose of developing talent and building leadership bench strength to ensure the Group's continued success and that shareholder value is enhanced.

The NRC considers all aspects of remuneration including the terms of termination, to ensure that they are fair. Members of the NRC are NEDs, the majority of whom, including the Chairperson of the NRC, are independent of Management and are also free from any business or other relationships, which may materially interfere with the exercise of independent judgement.

All decisions by the NRC are made by a majority of votes of the NRC members who are present and voting. Any member of the NRC with a conflict of interest in relation to the subject matter under consideration will abstain from voting, approving or making recommendations that would affect the decisions of the NRC. The MD/Group CEO is not present at and does not participate in any NRC discussions pertaining to his own compensation and the review of his performance. He is, however, in attendance when the compensation of Key Management Personnel is discussed. No Director is involved in deciding his or her own remuneration.

The key terms of reference of the NRC, in relation to remuneration matters, include the following:

- (i) Establish a formal and transparent procedure for developing the Group's remuneration policies and fix the remuneration packages for individual Directors and Key Management Personnel, and review the remuneration framework and strategy for executive compensation, with the purpose of developing talent and building leadership bench strength to ensure the Group's continued success;
- (ii) Review and recommend to the Board the remuneration framework and the specific remuneration package for each Director, and ensure that the level of remuneration offered is appropriate to the level of contribution;
- (iii) Review and approve the remuneration framework and the specific remuneration packages of Key Management Personnel that is aligned with the long-term interests of the Group to ensure that the overall remuneration package is appropriate to attract, retain and motivate Key Management Personnel to provide good stewardship of the Group and to successfully manage the Group for the long term;
- (iv) Review the Group's obligations arising in the event of termination of Directors' and Key Management Personnel's services to ensure they are fair, reasonable and equitable, including the cessation of financial incentives that have been earned but not yet disbursed due to exceptional circumstances of misstatement or misconduct; and
- (v) Review and approve the grant of Performance Share Awards under the ComfortDelGro Executive Share Award Scheme to Group Employees and Executive Directors.

The NRC has unrestricted access to the Group Chief Human Resource Officer, who attends all NRC meetings and provides the relevant market remuneration data and practices to the Committee. The NRC may also seek external expert advice on such matters where needed. Where such advice is sought, the NRC will ensure that there is no existing relationship between the Company and its appointed consultants that will affect the independence and objectivity of the consultants. The Group continued to engage the services of an external consulting firm, Willis Towers Watson in FY2021, to conduct an Executive Compensation Benchmarking exercise for an independent review of the compensation

packages of its senior executives. The NRC is of the view that there is no existing relationship between Willis Towers Watson and the Company that would affect their independence and objectivity.

PRINCIPLE 7: LEVEL AND MIX OF REMUNERATION

The Group is transparent on its remuneration policies, level and mix of remuneration, the procedures for setting remuneration, and the relationship between remuneration, performance and value creation.

The level and structure of remuneration of the Board and Key Management Personnel are appropriate and proportionate to the sustained performance and value creation of the Group, taking into account the strategic objectives of the Group, and are appropriate to attract, retain and motivate the Directors and Key Management Personnel to successfully manage the Group for the long term.

PERFORMANCE-RELATED REMUNERATION

The Group is committed to creating and enhancing shareholder value through growth that is sustainable and profitable. The remuneration packages of the MD/Group CEO and Key Management Personnel comprise fixed and variable components, and are appropriate and proportionate to the sustained performance and value creation of the Group. The variable component in the form of year end performance bonuses forms a significant proportion of the remuneration packages, and is dependent on the profitability of the Group and individual performance. Subject to market conditions and the operating environment, the Group's guidelines on fixed to variable component ratios in respect of compensation packages are 70:30 for Rank and File Employees, 60:40 for Middle Management staff and 50:50 for Senior Management staff. Notwithstanding the guidelines, the actual compensation packages for employees are ultimately determined on a case-by-case basis with the aim of maximising employee engagement and retention. The Group believes that a higher proportion of performance related component would ensure greater alignment of interests of the employees with those of Shareholders and contributes to sustainable performance and value creation in the long term. In addition, the remuneration of the MD/Group CEO is also tied to the return on Shareholders'

funds vis-à-vis the weighted average cost of capital and the level of profitability achieved.

SHORT-TERM AND LONG-TERM INCENTIVE SCHEMES (A) COMFORTDELGRO EMPLOYEES' SHARE OPTION SCHEME ("CDG ESOS") ⁽¹⁾

The CDG ESOS which ran for a period of 10 years was approved by the Shareholders of the Company on 18 February 2003. It expired on 17 February 2013 and hence no option has been granted since then. The existing options granted will continue to vest according to the terms and conditions of the CDG ESOS. The CDG ESOS is administered by the NRC of the Company.

(B) COMFORTDELGRO EXECUTIVE SHARE AWARD SCHEME ("CDG ESAS" OR THE "SCHEME") ⁽¹⁾

The Company obtained Shareholders' approval at its AGM held on 26 April 2018 to implement the CDG ESAS for Executive Directors and Key Executives as part of the long-term incentive programme to attract talent, retain them and reward those who make significant contributions to the Group.

The shares awards would be granted conditional upon performance targets being met and would have a vesting schedule whereby only a portion of the benefits would be granted each year. The grant of the shares may be withdrawn or clawed-back in the event of exceptional circumstances of material misstatement of financial results or misconduct resulting in financial or other losses for the Group.

The aggregate number of shares which may be issued pursuant to the Scheme and any other share-based schemes (if applicable) shall not exceed in aggregate (for the entire duration of the Scheme) two per centum (2%) of the total number of issued shares (excluding treasury shares and subsidiary holdings) from time to time.

In FY2021, the Company granted the total share awards of 770,000 (FY2020: 570,000) ordinary shares pursuant to the Scheme to selected employees of the Group. This included an award of 200,000 ordinary shares to the MD/Group CEO, Mr Yang Ban Seng. These are time-based awards to be vested over a four-year period.

CORPORATE GOVERNANCE

Total shares granted to the Executive Director of the Company in FY2021 are as follows:

NAME OF PARTICIPANT	SHARES GRANTED DURING FY2021	AGGREGATE SHARES GRANTED SINCE COMMENCEMENT OF SCHEME TO END OF FY2021	AGGREGATE SHARES VESTED SINCE COMMENCEMENT OF SCHEME TO END OF FY2021	AGGREGATE SHARES OUTSTANDING AS AT END OF FY2021
YANG BAN SENG	200,000 (Shares awarded to be vested over a four-year period)	450,000	87,500	362,500 (unvested Shares)

No participants to the CDG ESAS are controlling Shareholders of the Company or their associates.

The Board and the members of the NRC, who administers the Scheme, believe that the Scheme will help ensure that the Group continues to have a strong leadership team, credible talent pipeline and reinforce the delivery of long-term shareholder value.

⁽¹⁾ Details of both the CDG ESOS and CDG ESAS are found in the Directors' Statement on pages 102 to 103 and pages 103 to 104 of this Annual Report.

REMUNERATION OF NON-EXECUTIVE DIRECTORS

The structure for the payment of fees to NEDs is based on a framework comprising basic fees and additional fees for serving on Board Committees and also for undertaking additional services for the Group. The fees are subject to the approval of Shareholders at the AGM.

The MD/Group CEO, being an Executive Director of the Company and its Group, does not retain any fees paid by the subsidiaries. Instead, fees due to him are paid by the subsidiaries to the Company. The MD/Group CEO does not receive Director's fees for his Board Directorships with the subsidiaries.

3. ACCOUNTABILITY AND AUDIT

The Board has overall accountability to the Shareholders of the Company and ensures that the Group is managed well and guided by sustainable long-term strategic objectives. The Board is responsible for providing a balanced and understandable assessment of the Group's performance, position and prospects. Material price-sensitive and trade sensitive information, Annual Reports and other material corporate developments are disseminated in a timely and transparent manner and posted on the Company's website as well as SGXNET. The financial results are reported semi-annually via SGXNET with an accompanying Negative Assurance by the Board to confirm that nothing has come to its attention that may render the results false or misleading in any material aspect. The Company believes that prompt and full compliance with statutory reporting requirements is fundamental to maintaining Shareholder confidence and trust.

DEALINGS IN SECURITIES

The Group has formalised a "Policy on Securities – Restrictions Against Dealings" to provide guidance to Directors and executives of the Group in relation to dealings in the Company's securities. Directors and executives of the Group are prohibited from dealing in the securities of the Company and its listed subsidiaries, SBS Transit Ltd and VICOM Ltd during the period commencing one month before the announcement of the Company's and its listed subsidiaries' semi-annual results or full-year results (as the case maybe) and ending on the date of the announcement of the relevant results. All Directors and executives are notified of the trading blackout periods before the start of the financial year and are given reminders prior to each trading blackout period.

All Directors and executives of the Group are also told that they must not deal in (i) the securities of the Company and its listed subsidiaries, SBS Transit Ltd and VICOM Ltd on short-term considerations and/or while in possession of unpublished material price-sensitive and trade sensitive information relating to the relevant securities; and (ii) the securities of other listed companies while in possession of unpublished material price-sensitive and trade sensitive information relating to those securities. Executives are required to notify the Company upon disposal of shares arising from the exercise of options under the Employees' Share Option Scheme.

The Group has put in place a standard operating procedure (“SOP”) on compilation of information on privy persons who have access to material information of transactions that have yet to be disclosed to the public. The SOP prescribes that the person-in-charge of such transactions must remind all privy persons to keep all material information strictly confidential.

PRINCIPLE 9: RISK MANAGEMENT AND INTERNAL CONTROLS

The Board is responsible for the governance of risk and ensures that Management maintains a sound system of risk management and internal controls, to safeguard the interests of the Company and its Shareholders.

Risk management is an important and integral part of the Group’s strategic planning and decision-making process. Key risks are identified and presented to the ARC and Board annually. Ownership of the risk management process is clearly defined and cascaded to the executive and functional levels, with stewardship retained at Senior Management. Action plans that are necessary to manage the risks are in place and closely monitored. The adequacy and effectiveness of the risk governance, risk policy and internal controls in place are also assessed as part of the process. Based on these reviews, the Board is of the view, with the concurrence of the ARC, that adequate and effective internal controls (including financial, operational, compliance and information technology controls) and risk management systems are in place within the Group. A detailed description of the Group’s approach to internal controls and risk management can be found from pages 88 to 93 of this Annual Report.

As part of the risk management process, all businesses are required to refresh their risk inventories, conduct risk prioritisation exercises, identify key and emerging risks, and develop the requisite risk controls and risk treatment action plans. The identified risks, their indicators and action plans are to be continually reviewed and reported. In FY2021, the Group continued with its engagement of the external consultant to strengthen its risk management framework. The consultancy focussed on the review of risk management in our United Kingdom (UK) and Australia businesses, risk monitoring and reporting, and risk awareness training.

The Internal and External Auditors conduct reviews in accordance with their audit plans. Any material non-compliance and recommendations for improvements on the internal controls are reported to the ARC. The ARC also reviews the effectiveness of the actions taken by Management on the recommendations made by the Internal and External Auditors. The recommendations are followed up as part of the Group’s continuous review of the system of internal controls.

For FY2021, the Board has received assurance from the MD/ Group CEO and the Group Chief Financial Officer (“GCFO”) that (i) the financial records have been properly maintained and the financial statements are prepared in compliance with the Singapore Financial Reporting Standards (International) and are correct in all material aspects and give a true and fair view of the operations and finances of the Group; and (ii) the Group’s internal controls systems (including financial, operational, compliance and information technology controls) and risk management systems are adequate and effective.

CORPORATE GOVERNANCE

REVIEW OF INDEPENDENCE OF EXTERNAL AUDITORS

Prior to the re-appointment of the External Auditors, the ARC assesses their independence based on the guidelines set by the Accounting and Corporate Regulatory Authority and the Accountants Act. Having satisfied itself that the independence of the External Auditors, Deloitte & Touche LLP, is not impaired by their provision of non-audit services to the Group and that Rules 712, 715 and 716 of the SGX-ST Listing Manual have been complied with, the ARC has recommended to the Board that Deloitte & Touche LLP be nominated for re-appointment as the Company's External Auditors at the next AGM.

As a further safeguard of Deloitte & Touche LLP's independence, the partner in-charge of auditing the Company is changed every five (5) years.

INTERNAL AUDIT

The Internal Audit function of the Group is performed by the Group Internal Audit Division comprising suitably qualified and experienced Internal Audit staff including the GCIAO. The Group Internal Audit staff have professional qualifications and are either members of the Institute of Singapore Chartered Accountants, CPA Australia, the Information Systems Audit and Control Association or Institute of Internal Auditors. The GCIAO reports functionally to the Chairman of the ARC and administratively to the MD/Group CEO. The ARC participates in the hiring, removal and evaluation of the GCIAO. The GCIAO's remuneration is reviewed by the ARC Chairman together with the MD/Group CEO in accordance with the guidelines of the Company's financial authority limits before submitting their recommendation to the Chairman and/or the NRC for consideration, as the case may be.

The Group Internal Audit Division adopts a risk-based approach in its continuous audit work with focus on material internal control systems including financial, operational, information technology and compliance controls. It provides an independent and objective evaluation of the internal control systems and corporate governance processes of the Group. The annual audit plan is developed by the GCIAO in consultation with, but independent of Management and are subject to the ARC's approval before the start of each financial year. Quarterly internal audit reports are also prepared and submitted to the ARC. Any material non-compliance or lapses in internal controls are reported to the ARC and the MD/Group CEO for improvements to be made. The ARC conducts review of the adequacy, effectiveness, independence, scope and results of the internal audit function. The ARC has full access to the GCIAO, and meets with the GCIAO at least once a year in the absence of Management. The Group Internal Audit Division is given unfettered access to all the Group's documents, records, properties and personnel, including access to the ARC, and has appropriate standing within the Group.

The activities and organisational structure of the Group Internal Audit Division are monitored and reviewed by the ARC periodically to ensure that it has the necessary resources to adequately perform

its functions and that there are no unjustified restrictions and limitations placed on the performance of its duties. However, the GCIAO monitors and manages the work of the third-party audit firms closely to ensure propriety and relevance. The Group Internal Audit Division has adopted the International Standards for the Professional Practice of Internal Auditing laid down in the International Professional Practices Framework issued by the Institute of Internal Auditors (IIA Standards). The Group Internal Audit Division successfully completed its external Quality Assurance Review in 2018 by PricewaterhouseCoopers LLP and continues to meet or exceed the IIA Standards in all key aspects. The next Quality Assurance Review is scheduled for 2023.

CONDUCT OF SHAREHOLDER MEETINGS

The Company encourages and supports shareholder participation at general meetings, and views the AGM as a good opportunity for Shareholders to meet the Board and Senior Management. The top criterion for selecting the AGM venue is an easy to reach location within Singapore accessible by public transport. Shareholders are informed of Shareholders' Meetings through notices published in the newspapers and circulars sent to all Shareholders. All registered Shareholders are invited to attend and participate actively in the AGM and are given the opportunity to seek clarification or question the Group's strategic direction, business, operations, performance and proposed resolutions.

All Directors including the Chairman, MD/Group CEO and the Chairpersons of the various Board Committees together with Senior Management and the Company Secretary are present to address any question or feedback raised by the Shareholders at the AGM and thereafter, including those pertaining to the proposed resolutions before they are voted on. The External Auditors are also present to address Shareholders' queries about the conduct of audit and the preparation and contents of the Auditor's Report.

The Constitution of the Company provides for voting in-person and by proxy at the AGM of the Company. Each Shareholder is allowed to appoint up to two proxies to vote on his/her behalf at Shareholders' Meetings through proxy forms sent in advance. Relevant intermediaries such as the Central Provident Fund and custodian banks are entitled to appoint more than two proxies to attend, speak and vote at Shareholders' Meetings. Shareholders who hold shares through these relevant intermediaries will be allowed to attend, speak and vote at the AGM subject to being appointed a proxy by their respective relevant intermediaries.

Each issue or matter requiring Shareholders' approval is tabled as a separate and distinct resolution. All the resolutions at the Shareholders' Meetings are single item resolutions. The Company will consider implementing absentia voting methods such as voting via mail, e-mail or fax when security, integrity and other pertinent issues are satisfactorily resolved.

The Company prepares Minutes of General Meetings that include substantial and relevant comments or queries from Shareholders relating to the agenda of the meeting and responses from the Board and Management. The Minutes are available to Shareholders on the Company's website and SGXNET within one month after the date of the AGM.

The Company has adopted electronic poll voting for General Meetings since 2011 to ensure greater transparency and efficiency in the voting process and results. Shareholders are invited to vote on each of the resolutions by poll, using an electronic voting system. The results of all votes cast for or against each resolution or abstentions if any and the respective percentages (voting results) and the names of the independent scrutineers for the AGM are presented during the AGM and are announced via the SGXNET after the AGM. Voting by poll is the most accurate means of tabulating shareholders' votes according to the number of shares owned. The Company believe that this will encourage greater shareholders' participation at the Company's General Meetings and demonstrates the Company's commitment to high standards of corporate governance and transparency.

The Company's AGM for the Financial Year ended 31 December 2020 was held in April 2021, both physically and by way of audio-visual electronic means as a result of restrictions on physical interactions due to the COVID-19 pandemic.
