

INVESTOR RELATIONS

ComfortDelGro Corporation Limited has in place an investor relations programme which balances regular, effective and fair communications with Shareholders and the investment community with commercial sensitivities. We believe in always maintaining a constructive relationship with our stakeholders and aim to disseminate accurate and pertinent information in a timely manner to help our investors make informed decisions. The Investor Relations (IR) team works with Senior Management to proactively carry out this engagement programme.

PROACTIVE COMMUNICATIONS

ComfortDelGro attracts active research coverage from sell-side analysts with more than 120 reports published by the 13 local and international research houses that cover us. The IR team has regular interactions with the analysts to ensure a thorough understanding of our business models, operations and strategies with regular updates given on all corporate developments. These analysts play an important role in educating the investment community.

During the year, the IR team met more than 250 groups of investors, analysts and equity sales personnel in 135 meetings. These included face-to-face office meetings and conference calls.

We also participated in seven investor conferences and non-deal roadshows in Singapore, Hong Kong and Tokyo. These provided access to a wide cross-section of investors around the world, both existing as well as potential.

We organised briefings for the media and sell-side analysts for the full-year results and conducted dial-in conference calls with sell-side analysts for the three quarterly results during the year. Four post-results and investor update luncheons were organised where we met fund managers based in Singapore.

Every year, Shareholders have the opportunity to interact with the Board and Senior Management at our Annual General Meeting. Held in our headquarters, it continues to be well-attended. Voting is conducted by way of electronic poll for greater transparency and detailed results are announced immediately and subsequently released to the Singapore Exchange.

All material announcements are posted in the IR section of the Company website to ensure equal and timely access to information.

At the Singapore Corporate Awards 2013 held in August 2013, our subsidiary VICOM Ltd won the Best Investor Relations Award (Bronze) for companies with a market capitalisation of S\$300 million to S\$1 billion.
